

CUT OUT THE BABY BOTTLE CLOSE TO THE TACK DOWN LINE. MAKE SURE YOU LEAVE A 1/2" TAB OF FABRIC WHERE THE OPEN GAP IS AS SHOWN.

TURN THE BOTTLE RIGHT SIDE OUT.

STUFF THE BABY BOTTLE WITH POLYFIL.

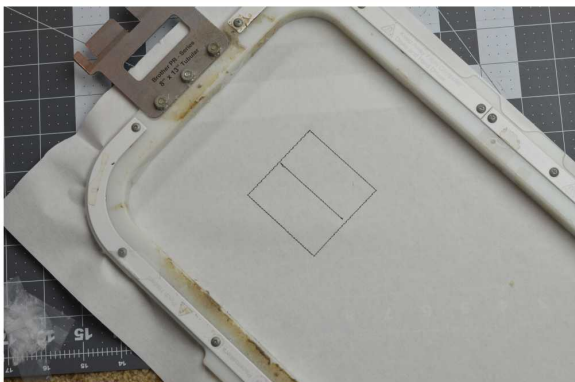

USE A NEEDLE AND THREAD TO STITCH A LADDER STITCH TO CLOSE THE OPENING IN THE BABY BOTTLE

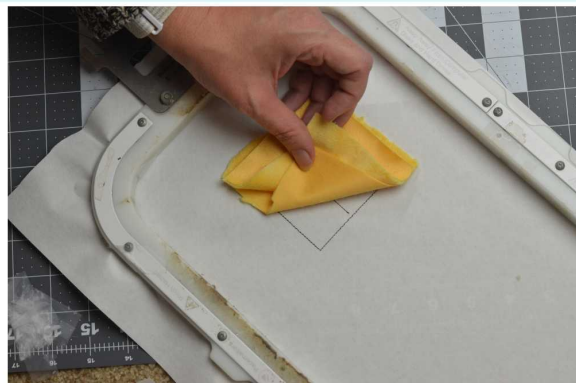

NOW YOU HAVE A FABRIC BABY BOTTLE THAT WILL MAGNETICALLY STICK TO THE MOUTH OF YOUR CLOTH BABY.

3 DIMENSIONAL BABY BOTTLE TUTORIAL

IF YOU WISH TO MAKE A MORE REALISTIC BABY BOTTLE AND DO NOT MIND A LITTLE SEWING MACHINE WORK, THIS NEXT TUTORIAL IS FOR YOU. A LOT OF PLANNING WENT INTO THIS VERSION. BE SURE YOU READ THE TUTORIAL IN FULL SO YOU UNDERSTAND WHAT IS HAPPENING IN EACH STEP.

LOAD PART 1 OF THE 3 DIMENSIONAL BABY BOTTLE AND STITCH THE DIE LINE ON A PIECE OF STABILIZER.

PLACE TWO PIECES OF FABRIC RIGHT SIDES TOGETHER OVER THE SQUARE.

STITCH THE TACK DOWN LINE.

REMOVE THE FABRIC FROM THE STABILIZER. IF YOU DO THIS CAREFULLY ENOUGH, YOU COULD TAPE UP THE STABILITY AND KEEP USING IT FOR THE NEXT HOOPING. TRIM AROUND THE NIPPLE AND THE STRAIGHT LINES AS SHOWN.

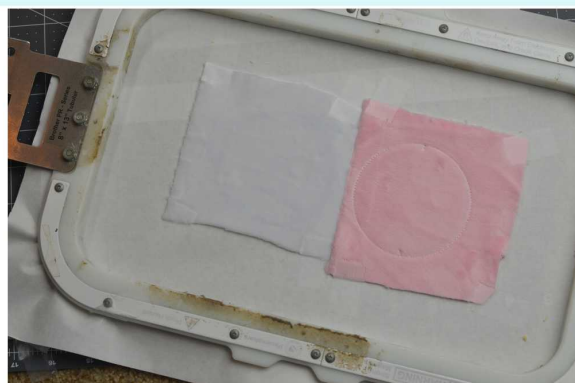

TURN THE NIPPLE RIGHT SIDE OUT. YOU CAN DO THIS WITH A PAIR OF HEMOSTATS REALLY QUICKLY. SET THE NIPPLE ASIDE.

LOAD PART 2 OF THE 3 DIMENSIONAL BABY BOTTLE AND STITCH THE DIE LINES ON A PIECE OF STABILIZER. REUSE THE LAST HOOPING IF YOU WERE ABLE TO TAPE IT UP.

COVER THE CIRCLES WITH FABRIC. THE PLAIN CIRCLE I COVER WITH WHITE TO MATCH THE BODY OF THE BOTTLE. AND THE CIRCLE THAT HAS LINES ON IT I COVER WITH PINK TO MATCH THE LID OF THE BOTTLE. TAPE IN PLACE

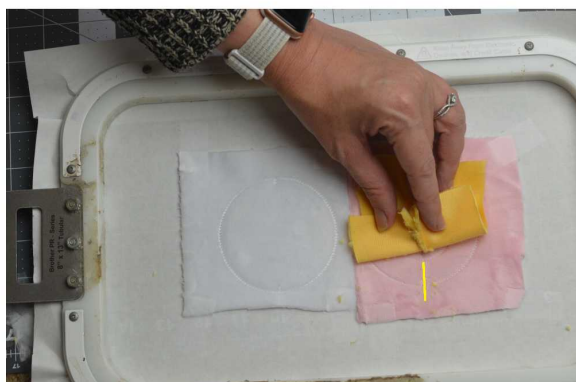

STITCH A TACK DOWN ON THE LID CIRCLE.

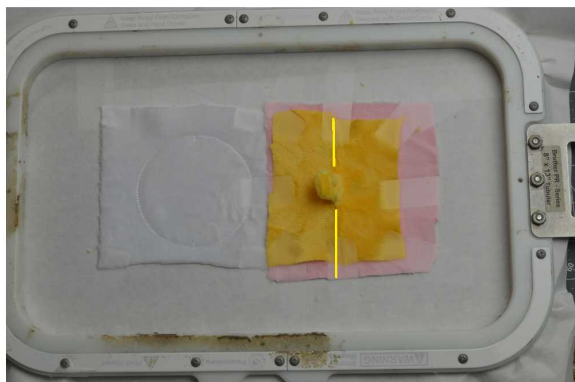

STITCH THE TACK DOWN ON THE PLAIN CIRCLE AND THEN AN INNER CIRCLE WITH A LINE DOWN THE MIDDLE ON THE PINK CIRCLE. THERE IS ALSO A VERY SMALL ARROW THAT WILL STITCH IN THE CENTER OF THE CIRCLE.

LAY THE NIPPLE YOU MADE RIGHT SIDE UP AS SHOWN. WE ARE GOING TO APPLIQUE THIS PIECE ONTO THE LID. PLACE THE NIPPLE SO THE SEAM FOLLOWS THE LINE IN THE MIDDLE OF THE CIRCLE

LIFT UP ONE SIDE AND MAKE SURE THE SEAM FALLS DIRECTLY ON THE DIE LINE UNDERNEATH. REPEAT FOR THE OTHER SIDE. ALSO PLEASE MAKE SURE THE ACTUAL NIPPLE IS CENTERED WITH A TINY MARK IN THE MIDDLE OF THE PINK CIRCLE

I HAVE CENTERED THE NIPPLE AND ALIGNED THE SEAM IN THE NIPPLE WITH THE LINE THROUGH THE CENTER OF THE PINK CIRCLE. I TAPE THE NIPPLE PANEL IN PLACE VERY WELL ALL THE WAY AROUND.

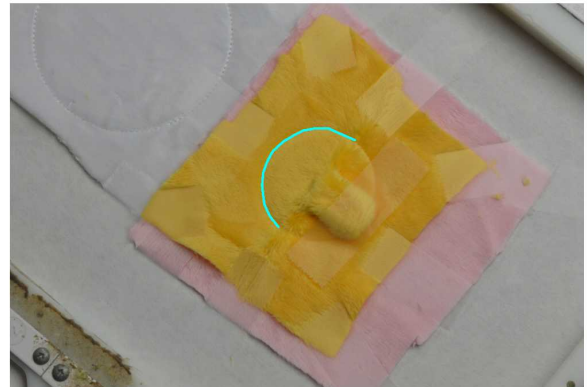

NOW LAY THE NIPPLE DOWN FLAT IN THE DIRECTION THAT I HAVE IT HERE AS SHOWN. TAPE IT DOWN.

STITCH A HALF SEMI CIRCLE TACK DOWN LINE

NOW REMOVE THE TAPE HOLDING THE NIPPLE FLAT AND LAY THE NIPPLE OVER TO THE OTHER SIDE AS SHOWN.

STITCH ANOTHER SEMI CIRCLE TACK DOWN LINE ON THE OTHER SIDE.

NOW WE WILL TREAT THIS AS AN APPLIQUE AND TRIM AROUND THE NIPPLE CLOSE TO THE TACK DOWN LINES AS SHOWN

MAKE SURE THE NIPPLE IS RETAPED SO ITS LAYING IN THIS DIRECTION FLAT.

COVER WITH WATER SOLUABLE STABILIZER. STITCH THE SATIN STITCH FOR THE FIRST HALF OF THE NIPPLE.

REMOVE THE WATER SOLUBABLE STABILIZER. FLIP THE NIPPLE OVER TO THE OTHER SIDE AND TAPE IN PLACE.

COVER WITH WATER SOLUABLE STABILIZER AGAIN.

STITCH THE SATIN STITCH FOR THE SECOND HALF OF THE NIPPLE

THAT CONCLUDES THE EMBROIDERY MACHINE WORK. NOW WE WILL CUT AROUND EACH CIRCLE VERY VERY CLOSE TO THE OUTER CIRCLE TACK DOWN LINE AS SHOWN.

PIN THE LID PORTION THAT HAS THE NIPPLE APPLIED ON IT TO THE BANDED END OF THE BABY BOTTLE. THE CIRCLE DO HAVE TINY CENTER MARKS ON IT WHICH I DARKENED WITH A FABRIC PIN. I PIN THE CENTER MARKS TO THE SIDE SEAMS OF THE BOTTLE AND I ALSO PIN IN ON THE OTHER TWO SIDES.

PIN THE PLAIN CIRCLE TO THE BOTTOM OF THE BOTTLE. PIN THE TINY CENTER MARKS TO THE SIDE SEAMS OF THE BOTTLE. ALSO PIN THE OTHER TWO SIDES.

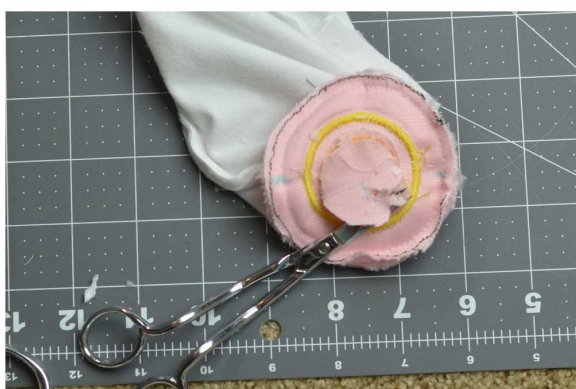

ON THE SEWING MACHINE STITCH THE LID TO THE TOP OF THE BOTTLE WITH A 1/8" TO 1/4" SEAM. I DID A 1/8" SEAM. EVERYTHING SHOULD BE WRONG SIDE OUT.

THEN STITCH THE BOTTOM PLAIN CIRCLE TO THE BOTTOM OF THE BOTTLE IN THE SAME MANNER.

HERE IS THE BOTTLE WITH THE CIRCLES FULLY SEWN.

WITH THE BOTTLE STILL WRONG SIDE OUT, TRIM AWAY THE PINK FABRIC INSIDE THE YELLOW CIRCLE APPLIQUE ON THE WRONG SIDE AS SHOWN HERE.

HERE IS WHAT THE WRONG SIDE OF THE NIPPLE LOOKS WITH THE PINK FABRIC REMOVE. THIS MAKES IT SO WE CAN ACCESS THE NIPPLE WITH MAGNETS AND STUFFING.

IF YOU HAVE A BABY DOLL THAT HAS A MAGNET IN THE MOUTH, INSERT A SMALL RARE EARTH MAGNET INTO THE TINY HOLE

PUSH THE MAGNET INTO THE SLOT

HOLD THE NIPPLE TO THE MOUTH OF THE BABY SO THAT THE MAGNET CAN FLIP INTO THE CORRECT POSITION. USE A CHOP STICK OR PENCIL TO PUSH POLYFIL AGAINST THE MAGNET IN THE NIPPLE. ONCE YOU HAVE THE MAGNET FLIPPED YOU CAN SIMPLY PUT ANOTHER MAGNET ON THE OUTSIDE OF THE NIPPLE TO HOLD THE MAGNET INSIDE THE NIPPLE IN PLACE AS YOU STUFF THE END.

BEFORE YOU STUFF THE WHOLE BOTTLE, YOU COULD USE DR SCHOLS MOLESKIN MEDICAL ADHESIVE BANDAGE TO TAPE SMALL METAL WASHERS OR MAGNETS TO THE INSIDE SIDE SEAM OF THE BOTTLE IF YOUR BABY HAS MAGNETS IN ITS HANDS. THAT WAY THE BABY COULD HOLD THE BOTTLE UN-ATTENDED. YOU WOULD NEED TO EITHER MAKE SURE THE MAGNETS IN THE SIDES OF THE BOTTLE ATTRACT THE HANDS OR JUST USE SMALL WASHERS SO THAT YOU DONT NEED TO WORRY ABOUT THE ATTRACTION.

USE A NEEDLE AND THREAD TO LADDER STITCH THE SIDE OPENING OF THE BOTTLE AND YOU ARE ALL DONE!

WE ARE VERY HAPPY TO HAVE DEVELOPED A FABRIC BABY BOTTLE FOR OUR CLOTH DOLLS. FROM OUR RESEARCH WE FOUND NOTHING LIKE THIS ONLINE THAT A PERSON COULD MAKE. WE ARE EVEN MORE THRILLED THAT IT CAN BE DONE IN THE HOOP MOSTLY. :) ENJOY!!
